

**AUSTRALASIAN SOCIETY FOR PHYCOLOGY AND AQUATIC BOTANY
40th ANNUAL MEETING**

23-24 November 2026 | CSIRO Hobart, lutruwita

ASPAB is pleased to announce its upcoming annual meeting, uniting the marine and aquatic botany community across disciplines including taxonomy, seaweeds, seagrass, microbes, corals, phytoplankton, aquatic plants, and aquaculture.

Proudly hosted at CSIRO, home of the Australian National Algae Culture Collection and Research Vessel Investigator, the conference will provide a dynamic forum for knowledge sharing, collaboration, and discussion, featuring plenary presentations, laboratory tours, and a conference dinner to support networking across our ASPAB community.

REGISTRATIONS & ABSTRACT SUBMISSIONS NOW OPEN

Researchers and students are warmly invited to submit abstracts for oral presentations and poster sessions.

18 th May 2026 Registration and abstract submissions open	12 th October 2026 Abstract submissions close	6 th November 2026 Registrations close
